

56: Kapitan Karabiner to the rescue

answers

scenario 2

KK would say a funky-up version of “Shezza, the leaders must not go faster than the slowest walker in the group, & they must stop at every track junction. Otherwise, the group will get separated & people will get lost.”

scenario 3

KK would say a funky-up version of “Fellas, it’s bad enough that you are destroying your body by smoking, but don’t destroy the bush as well!”

teachers’ notes

One of the more difficult things taking students bushwalking is trying to anticipate what might go wrong, so that you can give the appropriate instructions & try to cover every base.
